When you want to save, but need easy access to your funds

It's a good idea to put money away for those unexpected emergencies that come your way, like a burst geyser, car repairs or illness. Or to have cash on hand for those special occasions that come along – like birthdays or anniversaries. Absa offers you a range of easy access savings options, from MoneyBuilder, which you can open with only R20 and the Club Account for group savings, which needs an opening balance of R50, to Investment Advantage, a high interest option which requires a R25 000 opening balance. While each of these accounts is different in profile, they all offer instant access to your money when you need it.
