

Friday, 26 June at 11:00 – 12:00

Mayday-SA has the pleasure of hosting this **Introductory talk** with the Directors of Chartered Wealth Solutions, John Campbell and Kim Potgieter, who will discuss the importance of both financial and life planning, and what your next chapter will look like.

When we see retirement as a start rather than an end, plump with possibilities rather than a narrowing of life, as a chance to make dreams come true rather than relinquishing them, only then can we truly have a second half that is better than the first.

After attending the introductory talk, we encourage you to sign up for the four-hour **interactive workshop**, which will extensively cover aspects of *Life Planning, Financial Planning and Estate Planning*.

Sign up for the webinar [HERE](#) and we'll send you an email with the joining instructions.
